TOUR ITINERARY

Note that we reserve the right to slightly alter the itinerary due to seasonality, weather or availability

Seasonality

Below is a sample itinerary. Note that the day-by-day activities may be shuffled in a different order depending on the season and availabilities. Snowshoeing is available at both lodges and is a self-guided activity whenever there is free time or for early risers. Activities may also change based on snow conditions. In early fall, snowshoeing is replaced with hiking and dogsledding will instead be a dog-cart ride due to the lack of snow.

Aurora Borealis is a natural occurrence and while we have an incredible track record of seeing the lights on 98+ percent of our tours, we cannot guarantee that you will see the Northern Lights.

Personal Wake-Up Calls

The Northern Lights are on many people's bucket lists for good reason. The mystical colors and formations of this phenomenon can only be witnessed in the right place at the right time. We travel to a region directly under the Aurora belt during the darkest and most active times of year. Our guides spend the night watching for lights and wake you as soon as they appear, offering expert photo advice and attentive service.

Day One

After you arrive in Fairbanks and collect your luggage, you'll board a shuttle to Pike's Waterfront Lodge, located on the Chena River in Fairbanks. After you check in to your room you can, depending on the time you arrive and your energy level, either relax or explore downtown which is a short taxi ride away. Fairbanks is pedestrian-friendly and home to an eclectic mix of shops and restaurants. If you don't feel like exploring, the hotel has an onsite restaurant and small gift shop. Today is an arrival day and we have no scheduled activities. Enjoy your time and relax from your travels.

Day Two

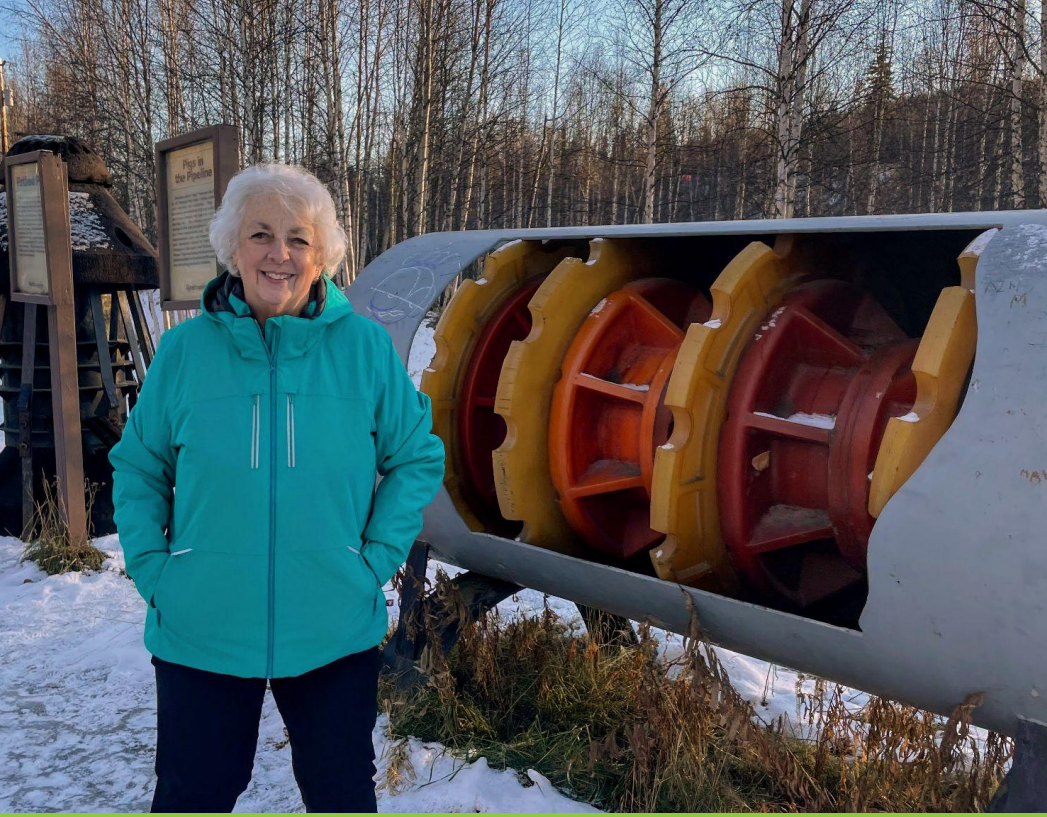

After a complimentary breakfast at the hotel, enjoy the morning until it's time to checkout. You'll meet the rest of the group and our guide(s) late morning in the lobby. Once we've done introductions and boarded the small bus, our afternoon includes lunch at a nearby restaurant and a visit to Pioneer Park. This 44-acre village features historical buildings moved from downtown Fairbanks and various museums with local artifacts, bringing you on a journey through time. We'll head to the lodge in the afternoon where we'll have a chance to unpack, relax, eat dinner, and learn about the Aurora Borealis.

Breakfast, Lunch, and Dinner is included

Day Three

After breakfast, we head into town for a city tour of Fairbanks and visit the famous Trans-Alaska Pipeline, followed by lunch at a great local spot. Following a guided walk through town, we visit the Morris Thompson Cultural Center. Explore world-class exhibits on Alaska's history and seasons and learn about traditional native art, dance, and music. It's a great introduction to Interior Alaska! Following dinner, you can come 'hunt' for the Northern Lights with us, or stay in the warmth of the lodge. Your guide will alert you if the Aurora appears.

Breakfast, Lunch, and Dinner is included

Day Four

After breakfast, we stop by the famous Museum of the North on the University of Alaska campus to learn about the natural and cultural history of the region. In the afternoon, we will head to a family ranch to meet reindeer and take a walk with them through a beautiful birch forest. Try some hot tea and Jane's homemade cookies inside and learn more about reindeer.

Depending on availability and season, we may flip the order of today's activities.

Later, we'll enjoy a delicious dinner together, and, if we're lucky, Aurora viewing tonight!

Breakfast, Lunch, and Dinner is included

Day Five

Depending on the season, in the morning we may have a curling lesson with local players at the Fairbanks Curling Club. Test your skills by challenging your new friends — curling is a lot more fun than you might expect! After lunch, we'll enjoy an afternoon hike before visiting the antique automobile museum featuring a world-class exhibit of vintage automobiles and period fashion pieces. Tonight we'll relax and share stories over dinner, and watch for the Aurora too!

Breakfast, Lunch, and Dinner is included

Day Six

Today, we visit the remote and beautiful Chena Hot Springs. Soak in the steaming waters surrounded by snow; if it is really cold your hair might even freeze! While there we visit an ice sculpture museum where you can observe delicate artwork and sip an apple martini in a carved glass from the ice bar. The drive home from the Hot Springs provides a wonderful opportunity to search for the Northern Lights and spot moose.

Breakfast, Lunch, and Dinner is included

Depending on the season or availabilities, activities for Day 6 & Day 7 may be switched.

Day Seven

Enjoy another tasty breakfast before our most exciting excursion yet — dog sledding! Meet the friendly dogs (and maybe some puppies!) and learn about mushing before hopping on a sled for a ride through the forest. You have free time in the afternoon when you can try snowshoeing around the property if the conditions are right. Alternatively, you may go into town with the guides for some shopping or stay at the lodge for a warm beverage in the cozy common room. We'll enjoy a final farewell dinner together tonight, toasting each other's company and the great moments of the past week.

Breakfast, Lunch, and Dinner is included

Depending on the season or availability, activities for Day 6 & Day 7 may be switched.

Day Eight

One more breakfast before wrapping up our adventure and saying goodbye to new friends. We depart the lodge late morning* with the entire group and luggage. Depending on your preference, the guides will either drop you off at the airport or at a downtown hotel where you can relax in their lounge or store luggage and explore town before boarding a shuttle to the airport. Head home with memories of unique and exciting activities and the Alaskan locals you got to know along the way.

Breakfast is included

**if your outbound flight is before 1:30pm, you'll have to organize a taxi or Lyft to bring you to the airport. See our Pre-Trip Guide for more information.*

The lodge offers modern amenities such as flat-screen televisions, a 24-hour fitness room, and an on-site gift shop and restaurant. “

My husband and I went on the Northern Lights tour with another couple in March. To say it was an outstanding experience barely expresses the experience. The tour guides were excellent, very knowledgeable and fun!

Seeing the lights was a spectacle to behold for sure!!! And the daytime activities were amazing, exciting and adventurous. We have recommended this tour to many and look forward to doing another tour with Gondwana”

- Jan D.

Occasionally, our preferred hotels may not be available. In such cases, we reserve the right to arrange alternative accommodations of comparable standards.

A Taste of Alaska

Nights 2-7

We've been staying here since our first Northern Lights tour and it's a unique and beautiful property. Located 11 miles away from downtown Fairbanks on 280 acres of private land, the lodge is a family enterprise that goes back three generations. Current owner Kory Eberhardt's grandparents moved from Idaho to this plot of land in 1947. They started out growing hay and vegetables. Kory's parents opened the lodge in 1992, and Kory became the owner in 2010.

A Taste of Alaska offers views of the Alaska Range, Mt. Denali, and Fairbanks in the distance. Visitors get a first-hand look at Alaska's natural beauty from here, including Northern Lights in the winter and wildlife year-round, all while enjoying the comforts and conveniences of cozy lodging.

We alternate accommodations on this tour and cannot guarantee a specific lodge. Rest assured that they are similar in quality and amenities. As is common with privately-owned hotels, room sizes and views are often different within the same property. We assign guest rooms on a first come, first serve basis. No exceptions.

Northern Sky Lodge B&B

Nights 2-7

We alternate lodges on our departures and this log cabin-style lodge is located 32 miles outside of downtown Fairbanks in a beautiful natural setting with phenomenal Aurora viewing.

The Northern Sky is a small, family-owned Alaskan lodge with a large common area, dining and sitting area. Snowshoes are available for use whenever you'd like to venture outside to explore the multi-use trails!

Since the lodge is located in a rural area, many cell providers don't have reliable coverage here. AT&T tends to be the best service provider and there's of course WiFi available to all guests. Note that the individual rooms do not have televisions, but there's a TV in the common sitting area as well as a collection of books and board games.

Restaurants

Note that these are sample restaurants that we often visit on this tour and not guaranteed visits.

The tour package includes delicious homemade breakfasts, along with all lunches and dinners on Days 2-7. Meals will either be served at the lodge or our guides will take you to pre-reserved local cafes and restaurants and you and the other guests in your group will eat together and select what you'd like to order from the menu. While the selection of locations sometimes changes, here are some examples of the places we frequently feast.

We can accommodate vegetarians, vegans and other dietary restrictions, just let us know!

The Turtle Club

The Turtle Club is a fine dining institution in Fairbanks. The restaurant has served delicious meals for almost 75 years and locals come here for date nights, to celebrate special occasions, or just to have a great night out. Their signature dishes include ribs, deep fried halibut, and a selection of dessert.

The Pump House

Located in Gold Rush-style building, the menu is served "Alaskan Style", with large portions of fresh seafood, meat and pasta dishes. Enjoy the unique decor and cozy atmosphere. Don't miss their famous seafood chowder and delicious elk meatloaf!

The Crepery

This casual spot offers both sweet and savory gourmet options. Choices include Prosciutto & Fig, Smoked Salmon & Avocado, Pear & Brie and Creme Brulee & Berries. They are so proud of their food that they offer a money-back guarantee!

Lulu's Bread & Bagels

This Fairbanks favorite located next to the Fairbanks Art Co-op offers artisan breads and baked goods made from scratch on site. Choose from delicious bagels, quiches, sandwiches and more and warm up with a cup of Kaladi Brothers coffee, a local Alaskan roaster.

“

The Northern Lights tour was hands down the best trip of my life. The guides were both so knowledgeable, personable and welcoming.

The entire week was spectacular. I especially loved the dog sledding. Thank you Gondwana for the amazing experience”

GENERAL INFORMATION

FAQ- GETTING THERE AND BACK

What kind of clothing do I need and is it possible to reserve it?

- When you sign up we will send you a pre-trip guide with a comprehensive packing list and other info for planning your adventure! You may borrow heavy duty parkas, snow pants, and winter boots for the duration of the tour. Upon booking you will have a chance to reserve these items — we won't let you freeze! We also have two camera kits available for rent; first come, first serve.

Is this trip for me?

- Our Northern Lights Adventure requires low to moderate mobility and physical fitness. You must be able to walk one mile unassisted and go up and down a flight of stairs multiple times a day (depending on the lodge you stay at, there may be a set of outdoor stairs to enter the lodge in addition to stairs indoors—there are no elevators in either lodge). Additionally, you must be able to enter and exit a large vehicle without assistance. If you're unable to do these things, this tour may not be a great fit for you.

Conditions vary widely throughout the season, and it's often very cold, icy, and/or slippery. Guests should prepare for the possibility of extremely low temperatures during the middle of the winter.

Please note that the minimum age for all of our tours is 12. Some activities may also have specific age restrictions. However, we may be able to make exceptions in certain cases. For more information or to inquire about younger participants, please email our Guest Services department at info@gondwanaecotours.com.

How likely am I to see the Northern Lights?

- Over the past three seasons, 99% of our guests have witnessed the Northern Lights during our Alaska: Northern Lights Adventure. While we cannot guarantee the appearance of this natural phenomenon on any specific departure, the likelihood of experiencing the Northern Lights is exceptionally high. The destination, careful planning, and our diligent Aurora guides were key to this success.

After registering for a tour, we provide a Registration Form to collect your dietary information, which we share with our vendors to make necessary accommodations.
